## **2015 to 2016**

### **Pupil Premium**

The Pupil Premium is additional funding given to schools so that they can support their disadvantaged pupils and close the attainment gap between them and their peers. Pupil Premium funding for disadvantaged children is to £1320 per pupil and Looked After Children will be £1900. The Service Premium remains at £300 per pupil.

### **Accountability**

The government believes that head teachers and school leaders should decide how to use the pupil premium. They are held accountable for the decisions they make through:

- the performance tables which show the performance of disadvantaged pupils compared with their peers
- the Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, and in particular those who attract the pupil premium
- the reports for parents that schools have to publish online

How schools present the information in their online statement is a matter for each school. There is certain information that must be in the report: the school's pupil premium allocation in respect of the current academic year; details of how it is intended that the allocation will be spent; details of how the previous academic year's allocation was spent, and the impact of this expenditure on the educational attainment of those pupils at the school, in respect of whom grant funding was allocated.

### **Funding**

In most cases the pupil premium is paid direct to schools, allocated to them for every pupil who receives free school meals. Schools decide how to use the funding, as they are best placed to assess what additional provision their pupils need.
